

Bradshaw Industrial

& Welding Services Ltd

Orbimat 180 SW OW76S

- Future-oriented connectivity by IoT/Industry 4.0 technology
- Sustainable quality management through web-based productivity monitoring
- 100% data recording – data available anywhere at anytime
- Cost saving by precise and digital “PERMANENT GAS” control
- Short welding cycles through unique gas “FLOW FORCE” function
- Increased safety and extended product lifetime through rotor torque control
- Intuitive and simple operation via 12.4“ color touch display or rotary actuator
- Automatic programming by entering the tube diameter, wall thickness, material and welding gas
- Integrated liquid cooling system for constant low weld head temperatures
